Subject: No Atlantic Coast Pipeline

To Governor Cooper and Michael Regan,

The economic, environmental, and social justice costs of this pipeline are way too high, which means that permitting it is completely unjustified. The pipeline will be dangerous, damaging, and costly for North Carolina. Please deny the 401 Water Certification Permit that Duke and Dominion must have in order to begin construction.

Protect the environment and the people of North Carolina.

Thank you,

Jeanette Stokes
Durham, NC
